Where We've Been, and Where We're Going

Fortune Brands has grown over the years through investing in brands, innovation and channels, as well as through strategic and disciplined acquisitions. On December 14, 2022, Fortune Brands Home & Security, Inc. completed the separation of its Cabinets business, enabling both new companies to better pursue their unique growth opportunities. Additionally, to better align the company with its renewed focus, it changed its name to Fortune Brands Innovations, Inc.
